

TO WHOM IT MAY CONCERN

Re: Shaun Van Oorde- Grainger,

We have known Shaun for about two years, as both a friend and volunteer assistant.

We are both involved with a community centre called Earthwise and a youth service for at risk young people, called Perth Inner City Youth Service.

Shaun has been available as a peer support to several young people and assisted the community centre by moving PA equipment and transporting people. He has always been extremely obliging, tolerant, reliable and hard-working. Shaun has a keen sense of humour with an insightful and aware personality. He is honest and dependable with a good attention to detail.

Should you require any more information contact us on 08 9381 3706.

Yours sincerely
